# IROQUOIS GETS BACK

Five and a Half Days on the Run in From Midway.

The U. S. S. Iroquois arrived from Midway early Sunday morning after a pleasant run of five days and fourteen hours. Capt. Rodman was in command, as Capt. Pond remained behind to come on the Anglia which boat is expected here with the cable on Thursday evening or Friday morning.

The Iroquois has been away from Honolulu just a month and during that time she has not only been to Midway but has also visited some of the smaller islands of which there are many in that part of the world.

There was no difficulty in landing the cable from the Colonia which arrived at Midway from Guam on June 18, and as soon as the shore and the sea end were connected communication was opened up with Guam. The first news that came through to the cable ship was a short account of the assassination of the King and Queen of Serbia.

The Anglia arrived at Midway on June 16 with the cable for the last stretch reaching to Honolulu. Before leaving she took aboard two hundred miles of cable from the hold of the Colonia and this accounted for her delay in leaving Midway. When the Iroquois left, the Anglia was due to sail on Saturday for here, but since that time word has been received here that she left on Friday the 26th.

Everyone was well on the island and the force of operators which the Hanalei took has been increased by two more who arrived on the Colonia.

Wells harbor, where the Iroquois anchored, is nothing more than a lagoon reached by a break in the reef. A vessel drawing fifteen feet of water would be able to get in but there is little chance for maneuvering once inside, for the lagoon, except in a few open places, is filled with sharp pointed rocks and jutting of the principal features of the entire trip of the Iroquois is as follows:

Left Honolulu on May 28. Had a smooth passage, skirted Gardner and Necker islands and arrived at Midway June 3. The Hanalei arrived on June 19, cleared, Amr. Bark Roderick Dhu, Engalls, master, 12 passengers with cargo of sugar for San Francisco as follows: Hakalau, 10,000 bags; Pepeekeo, 8,000 bags; Waiakae Mill, 7,000; Hilo Sugar Co., 8000 bags; Oiaa, 10,200 bags, Total \$165,650.88.

the eleventh and left on the twelfth. The S. S. Coptic stopped to deliver mail on the 13th. The Anglia, Capt. Leach, arrived three days later from Guam with the cable for the last stretch to Honolulu. On the 15th the Colonia arrived laying the cable from Guam to Midway, and the 19th and 20th were taken up in landing and connecting the cable. The cable was landed on June 20th at 1 p. m. On the 21st the Honolulu end of the cable was landed and connected with the Guam end.

At noon on Monday, June 22, the Iroquois started for Honolulu. Stopped at Lisiansky Island on the 23rd and Capt. Rodman visited the island. On Wednesday, June 24th at 7 a. m. the Iroquois anchored off Laysan Island and after picking up mail set sail for Honolulu at 8:30 a. m. of the same day, and arrived in Honolulu with all hands well Sunday morning at 2:15 a. m.

## PEKING GETS IN A DAY LATE

The Peking finally arrived yesterday morning over a day late and will sail for San Francisco at ten o'clock this morning. The officers say that there was nothing especially wrong with the old boat, excepting that she didn't have the wind with her. On Saturday there was a break in an eccentric bolt, but this they say, delayed the boat only few hours. It did not necessitate a shut down of the engines, and the break will be repaired here.

The Peking had but a small passenger list. Of most prominence aboard her was William A. Pinkerton, head of the famous detective agency which bears his name. He is returning home from a tour in the Orient.

Captain Berkeley C. Williams is a British army officer who has been retired. Col. H. Landon is also an English army officer, but he is still in the service.

There are besides a number of returning missionaries on the steamer. This is probably the Peking's farewell appearance in Honolulu. If the repairs to the China are completed, the Peking will be taken off the run, as she was only substituted for the China for this one trip.

The vessel brought six hundred tons of freight for Honolulu. There was one passenger, W. R. Bishop, for this port. Among the passengers who are booked on the Peking for San Francisco is Kirk Munroe the novelist.

## ENGINEER BADLY HURT ON SIBERIA

Chief Engineer Ferguson of the Pacific Mail steamship Siberia was seriously injured while that vessel was off Kobe on June 14th. Private advices received on the Peking yesterday, say that while the engineer was on his way to the engine room from his room on the upper deck, he failed to notice that the companion way steps had been moved to permit the discharge of cargo, and he stepped into the space, falling nearly twenty feet. His head and shoulders struck the deck below with a dreadful thud and he was unconscious when picked up. He was bleeding at the nose and mouth, and also from a deep gash in the forehead. His right wrist was broken into splinters and several ribs are also supposed to have been broken. Captain Smith immediately called upon the captain of the Russian warship lying near for aid, and the surgeon from that vessel cared for the engineer. He was later removed to the hospital on shore, though his recovery is a matter of some doubt, as Ferguson is a man weighing from 220 to 230 pounds, and is also quite elderly. The last reports from the hospital were to the effect that internal bleeding had stopped and the symptoms were better.

What makes the accident particularly sad is the fact that Mr. Ferguson had been ashore at Yokohama buying wedding presents for his daughter who is to be married at Newport News in the autumn and which ceremony he expected to attend. The ship was thrown in deep gloom over the sad affair. Mr. Ferguson is well known to Honolulu people, having been for many years chief engineer of the China.
